Vision

- Our goal is to create the best AI for trading and establish the leading platform for AI-supported technology, while redefining the future of trading. Our goal is to create the best AI for trading and establish the leading platform for AI-supported technology, while redefining the future of trading.
- We strive to make the power of hedge fund trading strategies, once reserved for Wall Street elites, accessible to all our partners.
- Imagine a future where users (whether beginners or professionals) have the opportunity to automate and maximize their portfolio using the most advanced artificial intelligence.

Mission

 YEAR 1: We are starting strong and aiming for €2 million in sales and 30,000 active users in our MLM plan.

 YEAR 2: Growth continues – the target is €10 million in revenue and 80,000 users.

 YEAR 3: Continuous development of our AI technology, with a focus on learning, training, and improvement—for sustainable success and innovation.

 YEAR 4: Expansion of our artificial intelligence (AI) to other markets, such as the commodities market, to tap into new potential.

 YEAR 5: Founding of a second AI company with direct access to commodity markets and even more opportunities for you and your team.

AlpsCon - Sales Plan - Overview

BINARY-STRUCTURE

Each sales representative may place a maximum of two direct customers per level, but there are no restrictions on depth.

LEFT AND RIGHT LEG

The legs function as separate teams, commissions are calculated based on the weaker leg.

SPILOVER

New members are automatically positioned on their weaker leg to ensure optimal balance.

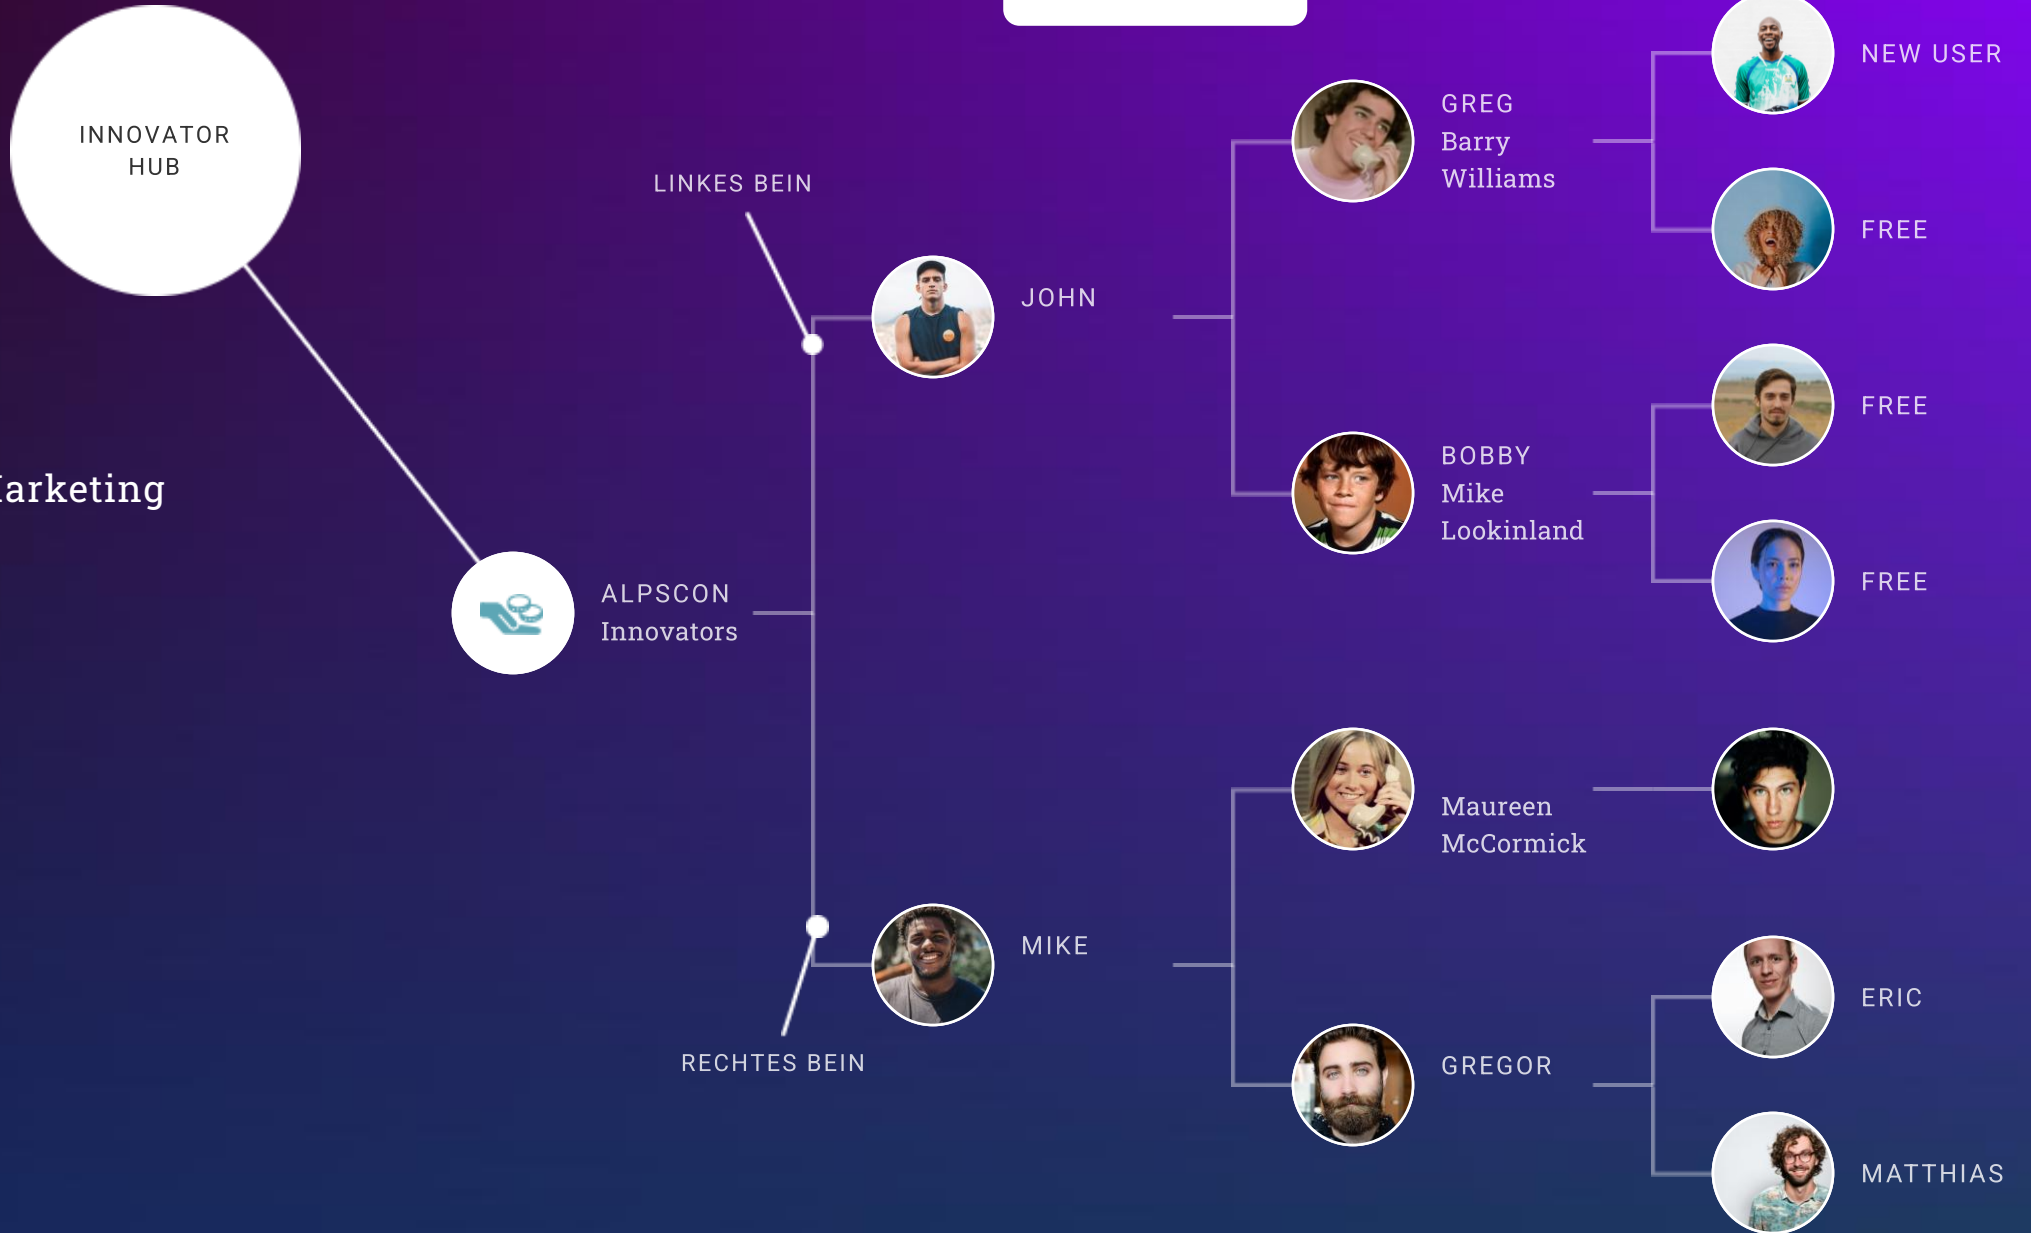

COMMISSIONS AND LEVEL REQUIREMENTS

Bonuses are based on Team Point Volume (T.PV), direct members, and downline members, with increasing commission rates and limits per level.

Alps Connect Binary offers a structured and transparent system that supports networkers in building a scalable source of income through active engagement and teamwork.

Binary Network Marketing

AlpsCon

Commission on the weaker leg

The principle of commission based on the weaker leg is a central mechanism in AlpsCon's Binary Plan. The commission is always calculated on the T.PV (Team Point Volume) of the weaker of the two legs (left and right leg). This concept motivates networkers to build a balanced network and continuously strengthen both the left and right legs in order to maximize their commission opportunities.

Spillover and Upliner in the Alpscon distribution plan

WHAT IS A SPILLOVER?

In the binary Alpscon system, spillover refers to the automatic assignment of new members to your downline who were recruited by your upline (sponsor or higher-level team member).

AUTOMATIC BALANCING

This spillover mechanism leads to automatic balancing, as the system specifically strengthens the weaker leg.

GROWTH THROUGH UPLINER

Through the spillover mechanism, your downline can grow even without your own recruitment efforts, as your upline feeds leads into your network.

The AlpsCon remuneration basis

AI-TRADING-PROFIT

Weekly profits through active trading

TRADING-BONUS

5% on the trading profits of your direct

LEVEL-BONUS

Bonus on achieved rank

DIRECT-SALES-BONUS

3% Direct sales bonus

CUSTOMIZED BINARY PLAN

Up to 20% more commission

Trading participation

DIRECT PARTICIPATION IN TRADING PROFITS

- As part of our partner program, sales partners benefit from a direct share of all their directly sponsored members.
- For each member recruited directly via the personal referral link, the distribution partner qualifies for the trading participation.
- Sales partners receive 5% of the weekly trading profits of their directly recruited members.
- No commission during loss weeks!
- If no profit is made in a week, the 5% share for that period will not be paid.

Auto Compounding

- **AUTO COMPOUNDING**

Auto Compounding can help you achieve your commission target, as weekly trading profits are counted towards your weekly commission target.

Level Bonus

BONUS PAYOUT

- When reaching a new level, a one-time bonus in the form of \$/ALPS will be paid out.
- Payment is made automatically as soon as the corresponding rank is reached.

Commission volume

WEEKLY COMMISSION VOLUME (CV)

Calculation based on the difference between the total turnover of the weaker leg (PV Weak Leg) and points already paid out (S.PV)

FORMULA: CV = PV WEAK LEG - S.PV

PV Weak Leg: Total cumulative revenue in the weaker leg up to the current payout date

S.PV: TOTAL SALES IN THE WEAKER LEG, WHICH HAS ALREADY BEEN TAKEN INTO ACCOUNT BY PREVIOUS PAYOUTS

After each payout, S.PV is updated so that only new sales are paid out.

SAMPLE CALCULATION OVER 3 WEEKS

Prevents duplicate payments and ensures that only new sales are remunerated

COMMISSION CALCULATION IS A TRANSPARENT AND FAIR METHOD OF REMUNERATING SALES PARTNERS BASED ON THEIR NEW SALES.

Qualification/criteria for weekly commission

1. ACHIEVING DIRECT VOLUME (D.PV)

The total paid-in capital of your direct members is counted as your personal volume.

2. REACHING THE TARGET NUMBER OF DIRECT MEMBERS

All direct members who joined via your referral link and are considered members will be taken into account.

3. ACHIEVING TEAM SALES (PV)

The total turnover of the paid-in capital within your team is added up.

Direct - Activity - Qualification

1. FOUR WEEKS (30-DAYS)

The payment of a rank's commission requires that the specified minimum direct qualifying sales (PR points) be achieved in full within a period of 30 days.

If the required minimum direct qualification turnover (PR points) for a rank is not achieved, but that of a lower rank is met, the commission payment will be made exclusively according to the lower rank actually achieved.

Example - Direct - Activity - Qualification

Rang Silver

MINIMUM REQUIREMENT 30 DAYS

300\$

ACHIEVED

Eligible for Silver-level commission

Important to understand:

The activity qualification has no influence on the maximum commission cap.

NOT ACHIEVED

You will receive the commission for the minimum requirement target achieved for the respective rank below the Silver rank.

Example: if you reach \$150, you will receive the commission from the Bronze rank up to the maximum commission cap for that rank.

This applies to a payout week.

Rolling 30-day PR window – explained simply

◆ PHASE 1: PREPARATION PERIOD (WEEKS 1-4)

- 30-day build-up phase
- PR points can be collected
- No rotation yet
- Target (e.g., bronze = \$150 PR) can be achieved in total Example

→ Structure:

- W1: 40\$ PR
- W2: 60\$ PR
- W3: 30\$ PR
- W4: 20\$ PR

→ 150 PR = Goal achieved

◆ PHASE 2: ROLLING WINDOW (FROM WEEK 5)

- The rolling 30-day window begins in week 5.
 - Every week:
 - + new 7 days
 - – oldest 7 days
 - Fixed payday: Saturday

◆ IMPORTANT CALCULATION PRINCIPLE

- Only the total for the last 30 days counts. Example:
- Week A: 250\$ PR
- Week B: 50\$ PR → Total in the 30-day window = 300 PR ✓
- A weaker week does not automatically lower the ranking !
- Only when strong weeks roll out can the ranking drop. !
 - ✓ Mnemonic Not every week has to be strong – what matters is the total for the last 30 days.

NEW - Direct Sales Bonus

3% ON EVERY DIRECT DEPOSIT

Criterion:

- New sales generated by your direct members
- Revenue from ALPS sales commissions, if these are reassessed
- Not included: Auto Compound
- The following will not be counted for you: Fresh capital from yourself (equity capital) / own commission / own contribution from the innovator

IMPORTANT:

- Performance is rewarded directly and immediately!

Benefits for partners

1. EXCLUSIVE PARTNER PROGRAMS

AlpsCon offers special programs that reward active partners. These include training courses, team meetings, and access to new tools that make everyday sales work easier.

2. MENTOR AND SUPPORT SYSTEM

Each partner is supported by experienced upline mentors. This support system ensures that you are never alone on your journey and always have someone to advise and support you.

Training and continuing education programs

ONBOARDING PROCESS

- New partners are introduced step by step and receive all the important information and tools they need for a successful start.
- As a rule, new customers first contact their sponsor, who provides them with personal support, answers any questions they may have, and guides them through the entire onboarding process.

TRAINING COURSES

Regular training on topics such as sales strategies, networking, and product knowledge helps our partners to continuously develop their skills.
